

ADA Visitor Policy

Individuals who live outside of GO Westmoreland's service area may apply for visitor status to use GO while in the area. Visitors will be provided with up to 21 days of ADA paratransit service in a 1 year time frame. Visitors are asked to contact GO to obtain a temporary eligibility prior to scheduling a reservation.

If a visitor has been granted complimentary paratransit service in his/her home region, the conditions determined by the home transit agency will be followed. Documentation or a corresponding ID card will be accepted.

If individuals are non-certified and claim they are ADA paratransit eligible, they are presumed eligible and will be provided up to 21 days per year of service with documentation of their place of residency.

Note: The WCTA offers all publications in alternate formats for people with disabilities. To request an alternate format, please call GO Westmoreland at 1-800-242-2706.
